

Делаю презентации как никто другой

Привет, это Владимир Бугаев, эксперт
по презентациям с опытом работы
в зелёном банке и рекламном агентстве
из четырёх красных букв.

Я создаю презентации и шаблоны
как никто другой: от структуры
до текстов и дизайна.

Статья в Т—Ж

117K просмотров

168 комментариев

Вместе с Ильнуром Шарафиевым [сделали статью для Т—Ж](#). Моя творческая биография: от первых шагов до настоящих слайдов. Статья написана в “тжшном” стиле — со всеми расходами, доходами и подробностями.

Познакомьтесь 15.10.20 117K

Познакомьтесь с человеком, который зарабатывает до 300 000 ₽ в месяц на презентациях

В рубрику «Познакомьтесь» попадают герои Т—Ж, которые выбрали не самый типичный способ зарабатывать или тратить деньги.

70 постов на vc.ru с 1,1 млн открытий

10 наивеселых особенностей PowerPoint

10 необычных применений PowerPoint:
от трехмерных боевых роботов до современного искусства

5 фишек PowerPoint, о которых вы не знали

Исчерпывающий пост о внедрении шрифтов в PowerPoint

От ромба к кругу: история иконки PowerPoint

История размеров слайда в PowerPoint

Как строится работа

Заполняете бриф.

Создаю дизайн-концепт, чтобы понять, что мы на правильном пути.

Согласовали, делаю презентацию.

Тестирую слайды на контрастность, совместимость, чтобы не слетали шрифты и т.д.

Презентация готова!

Всё это в PowerPoint

В работе использую Adobe CC, Figma, разные сервисы и AI. Но результат, включая анимации, — это файлы в формате PPTX.

Питч дек Gist

Creating a natural flywheel

Unique catalyst for social commerce in the west

Symbiotic value propositions

WE'VE IDENTIFIED
WHY PEOPLE
LOVE GIST

GIST

WE BELIEVE IDENTITY
IS THE NEXT DRIVER
OF COMMERCE

GIST

Go to Market and User acquisition

User Social Channels

GIST enables users to share a new type of content across their socials. This off platform distribution builds brand awareness and brings new users onto the GIST platform.

D2C Brand Partnership

Brands are happy to share their user lists with GIST as it provides new amplification and insight opportunities. These collaborations convert existing brand evangelists to the GIST platform.

2021 Circe Biotech GmbH

Circe – a group of companies that develops solutions for the efficient use of methane.

Our companies conduct a full cycle from R&D to production.

2021 Circe Biotech GmbH

SUPPLYING THE FUTURE

Innovative tech in production of liquified natural gas

CIRCE®

Business branches

Protein: feed & food
Modern feed base
The cost of the end products reduction
Improving the quality of the end product
An effective response to the challenge of food supplies to a rapidly growing population

Methanol
Low power plants for methanol synthesis
Simplify solutions for the oil and gas industry
Reduced air emissions and environmental burden

Liquefied natural gas
Modern fuel
Improving gas processing efficiency
Reduction in pipeline construction costs

Biodegradable polymers
Environmental friendliness and contribution to the future of the planet
Modern materials for the production of the end products

CIRCE®

Roadmap

Present

- DEC 2020** Agreement with TU Wien
Cooperation agreement with Technical University of Vienna
- DEC 2020** Start of Biodegradable polymers line
Conduction of research activities
- DEC 2020** Agreement with SFAR
Beginning of joint work with the State Fund for Advanced Research
- JAN 2021** Skolkovo resident
Resident of Skolkovo Science and Technology Center
- JAN 2021** Pilot batch of Bioprotein
Production of a pilot batch of Bioprotein
- JUN 2021** Test production
Test production of Vorles tubes
- AUG 2021** Methanol 2.0
Creation of methanol reactor 2.0

CIRCE®

Future

- Q2 2022** Pilot batch of biodegradable polymers
- Q2 2022** Pilot batch of food protein
- Q3 2022** Commercial batch of feed protein
- Q2 2023** Commercial batch of food protein

CIRCE®

Core values

CIRCE®

- Contemporary technologies
- Investment in the future
- Environmental friendly
- Reliable development
- Closed loop products

Шаблоны презентаций

Мои шаблоны надежны и работают предсказуемо
(тестирую файл на разных ОС и знаю все слабые места PP)

Использую возможности PowerPoint на 100%

Продуманные стили текста и макеты сэкономят ваше время

Создаю стили диаграмм и таблиц с использованием XML

Применяю плавные модные анимации и переходы

Супер мега шаблон для Raiffeisen CIB

Более 230 макетов
и специальные стили таблиц.

COMBINING BEST

A minimalist e-bike combining best of both worlds, featuring classical detailing and frame that is ideal for urban setting. It also comes with a powerful engine that strikes a perfect balance between performance and efficiency.

OF BOTH WORLDS

MV Urban is assembled from the best parts available on the market which are normally used for bikes that are many times more expensive. This makes this bike extremely durable, reliable and smooth to ride.

MV RAPIDO 500

RRP: €800

Powerful engine
500W

Battery life
Up to 40 km range

Light and Sturdy
Light but strong magnesium alloy frame - 17kg

App Controlled

As fast as they get
25 km/h max speed
Unlockable boost option up to 35 km/h

Perfect for cities
18 degrees climbing angle

Advanced dashboard controls
4" LCD Display + Cruise control

Dual Hydraulic Disc Brakes

ART OF
MOBILITY

ABOUT US:
PREMIUM PRODUCTS

Our Motorcycles are second to none in engineering, design and aesthetics. They are exclusive and premium products for the most sophisticated and passionate motorcycle fans.

Key objectives and goals of MV Agusta Mobility

Ensure smooth transition from the motorcycling only to motorcycling and electrical mobility

Preserve brand messaging and philosophy

Diversify MV Agusta to further reassure its place in the future of two-wheel mobility

Capture opportunities in the urban mobility space that arise as the result of urbanization and a shift in how people perceive personal mobility

Implementing fundamental principles of modern cybersecurity

Least Privileges
The principle of granting
users only the minimum
privileges necessary to
perform their work tasks.

Data-Centric Security
Protection of sliced data,
including its discovery and
categorisation, and the
construction of behavioural
models.

Zero Trust
Dynamic reassessment of
user or device access rights
each time they request
access to any resource.

People-Centric Security
Proactive detection of violations,
enhancement of individual
accountability among staff,
and transparent activity
auditing and control.

© 2024 I-COM SOLUTIONS LLC

Phase 1

Development of the core functionality of the software product.
Development of the primary methodology for working on the core functionality of the modules for product managers.
Gathering market requirements for the current and next phases of product development.

Database connectors (Postgres SQL, MS SQL, etc.)
Collection of information on structure and metadata
Collection of access rights information
Access rights modification mechanism
Collection of event information

Core ABS system connectors (Diasoft)
Collection of information on structure and metadata
Access rights
Access rights modification mechanism
Collection of event information

Display of observed structure and metadata
Display of access rights
Planning of access rights changes
Display of events

The background is an abstract composition of several translucent, geometric planes in various shades of teal and dark blue. These planes intersect at sharp angles, creating a sense of depth and three-dimensional space. The lighting is soft, highlighting the edges and surfaces of the planes.
